APPENDIX A: Statistical Reports on the *Access to Information Act*

APPENDIX B: Delegation Order with Respect to the *Access to Information Act*

INTRODUCTION

The *Access to Information Act* gives Canadian citizens, as well as people and corporations present in Canada the right to have access to federal government records that are not of a personal nature. The *Access to Information Act* complements but does not replace other procedures for obtaining government information. It is not intended to limit in any way the access to government information that is normally available to the public upon request. This annual report to Parliament was prepared and shall be tabled in accordance with section 94 of the *Access to Information Act*.

The National Capital Commission (NCC) is a Crown corporation that was created by Parliament in 1959 as the steward of federal lands and buildings in Canada's Capital Region. The corporation is responsible for planning, as well as taking part in the development, conservation and improvement of Canada's Capital Region. The NCC is governed by a national board of directors. The NCC reports to Parliament through the minister of Public Services and Procurement.

The *National Capital Act* defines the NCC's mandate. The NCC fulfills its mandate through the following areas of activity:

- setting the long-term planning direction for federal lands in Canada's Capital Region;
- regulating the use and development of federal lands in Canada's Capital Region;
- managing, conserving and protecting NCC assets (including Gatineau Park, the Greenbelt, urban parks, real property, and other assets such as bridges, pathways and parkways); and
- maintaining heritage sites in Canada's Capital Region, such as the official residences and commemorative sites.

ORGANIZATIONAL STRUCTURE

During the reporting period, the Access to Information and Privacy (ATIP) Office was part of the Public, Legal and Corporate Affairs (PLCA) Branch of the NCC. It was responsible for the administration of the *Access to Information Act* and the *Privacy Act* for the corporation. The chief of ATIP acted as the institutional coordinator and was assisted by three ATIP analysts and one part-time consultant.

The ATIP Office ensured that the NCC met its legislated obligations in replying to requests with support from a network of ATIP branch representatives in each of the corporation's program areas.

Regarding the proactive requirements found in Part 2 of the *Access to Information Act*, the Corporate Services Branch was responsible for coordinating and validating the

publication of the Travel and Hospitality expenses, whereas the publication of reports tabled to Parliament was coordinated by the PLCA Branch.

The NCC was not party to any service agreements pursuant to section 96 of the *Access to Information Act*.

STATISTICS

The following statistics describe the administration of the *Access to Information Act* within the NCC for the period of April 1, 2023, to March 31, 2024, as found in the attached Appendix A.

Requests Processed Under the *Access to Information Act*

During the period, 198 *Access to Information Act* requests were received. This is more than were received in 2022–2023. Including the 29 requests carried over from the previous reporting periods, the ATIP Office worked on processing 227 requests in total and completed 174 in 2023–2024.

The number of pages reviewed for the purpose of responding to access requests slightly increased from 27,373 pages in 2022–2023 to 27,677 pages in 2023–2024. These figures represent only those formal *Access to Information Act* requests completed, and do not account for the number of pages reviewed for currently active files.

The statistics show that most of the 198 requests received during the period originated from the public (70), followed by organizations (22), the media (18) and the business community (12). Seventy-six requesters did not identify themselves.

The following pie chart shows the disposition of the 174 requests that were completed during the year.

Disposition of Requests

The NCC responded to 87 percent of the completed requests within the legislated timeframe and was able to provide records electronically in all cases, except when one requester wished to receive a paper copy. The NCC was unable to meet the statutory deadline for 22 requests processed in 2023–2024.

Processing Time

Extensions were invoked several times. Most of these exceeded 30 days. The vast majority were to enable consultations with other institutions.

Since the 2019–2020 fiscal year, the NCC has received 479 *Access to Information Act* requests. The following charts show the work completed during this period.

The NCC also received 26 requests for consultation from other government institutions, an increase from 11 in the previous reporting period. Twenty-one of the consultations had been completed at the end of 2023–2024. For the 21 consultation requests closed, 2,062 pages required review, which is a significant increase from the 935 pages reviewed in the previous reporting period. All consultations were responded to on time, with six of these completed within 15 days after being received.

Exemptions Invoked

For the NCC, the majority of the exemptions invoked fell under subsection 19(1), Personal information; section 16, Law enforcement and investigations, and Security; section 20, Third party Information; section 21, Operations of Government—Advice. Other exemptions applied included section 18, Economic interests of Canada, and section 23, Solicitor-client privilege.

Exclusions Invoked

No exclusions were invoked during the reporting period.

Outstanding Requests from Previous Reporting Periods

At the end of the current fiscal year, there were 53 outstanding requests. Twenty-five of these requests were past the legislated deadline at the end of the current reporting period. Two were from 2019–2020, nine from 2020–2021, one from 2022–2023 and 13 from 2023–2024.

Operational Costs to Administer the *Access to Information Act*

A total of 3.1 full-time equivalents were used to administer the *Access to Information Act* within the NCC. Salaries and administration costs amounted to \$387,214. Operational costs for this fiscal year amounted to \$40,221. Application fees totalling \$960 were collected during this reporting period. No other fees were collected. Fees were waived three times, and three refunds were made during the reporting period.

Posting of Closed Requests

Following Treasury Board guidelines, the NCC maintained a list of completed *Access to Information Act* requests on the [Open Government](#) website. The public could view this list and then contact the ATIP Office to obtain copies of the previously released records. In 2023–2024, the ATIP Office received 919 requests for records previously released. This number is a very important increase in comparison to the previous reporting period. No requests were carried over from previous fiscal years and all the requests received were completed, resulting in the release of 173,133 pages of records.

PROACTIVE PUBLICATION UNDER PART 2 OF THE ATIA

For the purposes of Part 2 of the ATIA, the National Capital Commission is an institution.

The NCC has put procedures in place to ensure that the proactive disclosures it must published are available to the public within the required timeframes.

[Travel and Hospitality expense reports](#) are generated for each division. Once received, the divisions validate and fill a proactive disclosure form. These are returned to the accounting staff by the 15th day of the month for a final review before the Director of Finance and the Chief Financial Officer approve them. The reports are then provided to the Creative and Digital Services (CSD) division to publish on the NCC website within the expected deadline. Once the information is uploaded, the accounting staff are notified so they can confirm the website content is complete.

The [NCC annual report](#) and the [ATIP annual report](#), tabled to Parliament, follow a similar procedure. Once a report has been tabled, the responsible division forwards it to the CSD division to publish on the NCC website. An employee of the division validates that the report has been properly posted as soon as the CSD division confirms the documents have been uploaded to the website.

The NCC does not have an automated system to publish proactively disclosed information.

During the 2023–2024 year, the NCC published 100 percent of its proactive publications on time.

INITIATIVES AND PROJECTS TO IMPROVE ACCESS TO INFORMATION

The NCC started exploring the options to change its ATIP processing system, as it will no longer be supported by the vendor in the coming years.

INSTITUTIONAL POLICIES AND PROCEDURES

The NCC has several Corporate Administrative Policies and Procedures (CAPPs). Specifically, the CAPP on Access to Information helps to ensure that the NCC fulfills its obligations under the *Access to Information Act*.

This policy provides guidance to employees with respect to the application of the *Access to Information Act*, and outlines the responsibilities of the Executive Management Committee, senior managers, branch representatives, managers and employees. This policy was last updated in 2019.

DELEGATION OF AUTHORITY

The chairperson of the NCC is designated as head of the institution by virtue of the "Access to Information Act Heads of Government Institution Delegation Order (SI/83-113, as amended)." The chairperson is responsible for administering the *Access to Information Act*.

The chairperson has delegated the authority under the *Access to Information Act* to key officials within the organization, in accordance with section 95 of the *Access to Information Act*.

The chief executive officer, the vice-president of the PLCA Branch and the chief of ATIP have complete delegated authority. The ATIP analysts have limited delegation for the application of specific exemptions.

A copy of the delegation order, signed May 2nd, 2022, is attached for reference (*see Appendix B*).

EDUCATION AND TRAINING

ATIP awareness/information sessions are offered, in both official languages, to NCC employees at large. The Canada School of Public Service Access to Information and Privacy online course was completed by 99 new permanent employees, representing an 88 percent completion rate.

COMPLAINTS AND INVESTIGATIONS

Thirteen complaints were received in 2023–2024 and there were two outstanding complaints carried over from fiscal year 2022–2023.

The NCC cooperated with the Office of the Information Commissioner (OIC) throughout the year. Eight complaints were closed by the OIC before the end of this reporting period. The OIC discontinued three complaints, found that four were not substantiated and only one was substantiated. This complaint challenged the application of certain exemptions to withhold information. A portion of the information was subsequently disclosed to the requester.

MONITORING COMPLIANCE

The ATIP staff and the ATIP coordinator regularly monitored the time taken to process active access to information requests and met weekly to review all active requests.

To limit inter-institutional consultation and reduce the processing times, the ATIP office:

- Performs a search for previously processed records in its processing system;
- Performs a search on internet to assess what information is already publicly available;
- Keeps track of certain types of information for which external institutions and the NCC have agreed should always be disclosed or should always be exempted.

The Information Technologies and Geomatic Services division works with NCC program areas to render datasets, and other information of interest, available on the Open Government portal.

There are generic paragraphs included in contracts and agreements to inform the parties that these documents could be disclosed if requested, as they are subject to the *Access to Information Act*.
